1. The following is an examiner's statement of reasons for allowance: The terminal disclaimer submitted by the applicant on 11/8/2004 has been received and is proper. The applicant does have a basis for protecting prerecorded media, which do not have a data layer, but rather have data present as stamped/embossed pits [0002]. This type of media is covered by the instant claims, in addition to the recordable media claimed in Breitung et al. '950, particularly in instant claims 22-24, which recite particular recording layer compositions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Martin J Angebrannt whose telephone number is 571-272-1378. The examiner can normally be reached on Monday-Thursday and alternate Fridays.
